

ENGINEERING CHALLENGE CUP 2020

Bulletin 06

ECC2020 CREW Wanted/Available

For some boats crew is no issue, however some struggle to get their crew in place. To support this matter, we open a facility on our website. There is a page "CREW", Posts can be made for crew available or for crew wanted, so both parties can contact each other, looking for a fit. Please send us an email if we can be of any assistance or fill in the form on the website?

We are working on the sponsoring for our event, some skippers have been contacted, more to follow. We welcome the sponsors as below. Sponsors make the ECC event complete, we are depending on their contribution to make it a party as well as a professional race. We are very happy with their support, have a look to their websites if there are interesting business opportunities for you. We strive to make it easy for you to make contact with sponsors and other participants, so you can chat or meet each other during the ECC, more to follow.

In October we will visit Dubrovnik for preparation discussions with Alen, known with many of you, he is an international race officer with very proven track record and our race officer for next year.

The lottery will be held soon, where after you can select your boat.
