

ENGINEERING CHALLENGE CUP 2020

Bulletin 07

ECC2020 Lottery and Sponsoring

Lottery:

Tomorrow, October 8th the lottery will take place in Oxford UK by High Point Yachting. The results will be published on our website, under Bulletins. As from October 9th High Point Yachting will contact you, basis the lottery results, to select your yacht.

Crew available:

Name: Katharine

My sailing experience is primarily in dinghies, but I want to expand my experience into larger boats as I get older. I raced Optimist sailboats from 2009-2012, competing in the Canadian national championship 3 times.

I then moved on to racing Laser Radials from 2012-2016, competing in the Canadian national championships twice. In 2016 I spent some time skiff sailing, training in 29er as a skipper.

From 2014-2016 I was also a sailing instructor for the Calgary Yacht Club's summer camps that primarily used Optimists and 420's and in 2016 started coaching the beginning race team. Since 2016 I haven't raced competitively but have been sailing recreationally in catamarans as a crew (Tornado's specifically), 49er as a skipper, and in Laser Radials.

Please mail the OC if you want to contact Katharine.

Sponsoring:

Most skippers have been contacted, some are working to get sponsor money available, we understand this is not an easy job. For those who not have been contacted yet, our sponsor letter is available as a download under Notices_08. We welcome the ECC2020 sponsors as mentioned below.

Recce trip:

Coming weekend we will visit Dubrovnik for preparational discussions with Alen and Sasha.
