

ENGINEERING CHALLENGE CUP 2021

Bulletin 04, June 22, 2020

KICK OFF ECC2021

NOTICE FOR ECC2020 ENTRIES ONLY

Dear Skippers and Commodores,

A new start of the ECC 2021, after an ongoing Covid-19 impact and after we had to postpone our event this year, will not be easy for all of us. Hoping you are all in good health and despite missing our sailing, which we really do miss a lot, hoping that most of us are still able to have some possible way to relax and have some holiday this summer.

Our organisation will be revised from a before-Covid situation to an ongoing-Covid situation, resulting in some minor changes. We need to include a possible scenario that an unpredictable amount of boats might have to decide to cancel participation in 2021. We therefore introduced a cancellation fee, in order to share the risk of cost of organisation/starting vessel etc, normally shared by the quantity of entered boats.

Our Charter agreements for 2020 are transferred to next year. Each skipper will receive the documents with the confirmation. HPY is revising our bookings for next year again and strives to have the same boats as far as feasible.

A new Notice to Race, will be issued to all eligible skippers, excluding the registered skippers, as usual, for the remaining free 5 places not booked yet. Please review this document via our website if you are interested. We may have some new entries. The entry fee will be raised from € 110,- to € 130,- pp. This increasement is to cover the additional charter organisation costs.

Financial settlements

All entry fees already paid will be transferred to the ECC 2021 bookings. A difference of an extra € 20,- entry fee will be settled via new Invoice issued by HPY. Same applies to charter contracts, all paid charter deposits will be transferred to the 2021 bookings.

Documents

We have to ask you for an updated disclaimer, we hope for your understanding for this double paperwork. Please countersign the attached disclaimer and return this by email to us at ecc.sailing.2020@gmail.com
