“Jose Miguel Martinez remembrance “

Dear Skippers and Commodores,

In these difficult days of the pandemic, where many of our dearest do not survive the covid virus, we remember our good friend Jose Miguel Martinez who lost his life on Day 1 of the 2017 ECC event. He participated for so many years, was a very good skipper and seaman and highly appreciated by all participants alike. The day before he passed away, at the welcome party, I had the pleasure to reunite with big smiles and a beer together. Many of us remember this tragedy, as it happened yesterday, it was so sad and unfair as it could have been every one of us.

The trophy (pictured), presented in 2017 by ECC founder Arno Hemm and his crew, is to remember each year Jose Miguel Martinez who died while participating in ECC 2017 at Solta, Croatia.

Vaccination is getting on its way, creating a new world with COVID19 among us, where we hope to be able to handle the virus.

ENGINEERING CHALLENGE CUP 2022

In the meantime your OC team starts up a new round to organize a new ECC event in 2022. There are still some free places available before we reach the maximum fleet of 54 Yachts, so a new round of documents streaming visa-versa is under preparation.
