Bulletin 06

January 15th, 2022

Crew-List request

Dear skippers and commodores,

With only 112 days to go before arrival in Trogir, we now need to also speed up our crew administration and we request you to complete and update your crew-list.

We need your update by return, as HPY is going to send out the final invoice for your charter fee, due February 1st, 2022. This invoice includes final entry fee as well, so we need to know the total amount of crew on board as a minimum for that.

The Crew-list is also a formal document, we need to forward it to our charter companies. They need the information to inform all ports, we are going to visit for the port authorities locally.

Local authorities could check and make visitations on board as well, so it is important that all the information entered in the crew-list is correct and complete. This should save us a lot of time, so we do not need to do this ourselves in each port.

Furthermore we also need your input for the polo-shirts, we have already polo-shirts since 2020 but we might need to order extra sizes for the new boats.

Another request: please only use the attached excel format crew-list!

We need to accumulate them for several purposes to one overview, so please do not change the lay-out of the format.

Clothing

Our sponsor WORLD Leisurewear announces the option to obtain dedicated crew uniforms (with an ECC logo), at your own expenses. You can contact Paul Bertie to order yours through the following website: www.worldleisurewear.com/ecc

COVID-19

Several countries in Europe start to treat covid as a flue, with Pros and Cons.

Responsibility of your health is becoming more and more everybody's own responsibility, and not for authorities to look for yours.

Let's hope that consequences are limited at time we meet in Trogir.

ENGINEERING CHALLENGE CUP 2022
