

ENGINEERING CHALLENGE CUP ECC 2023

Bulletin 01 ECC 2023 Pre-registration

Dear Sailors,

ECC 2022 was a fantastic event! Thanks to the participants for the great atmosphere. And special thanks to the large family that organized it, in terms of organization you set the bar quite high again.

We, from boat 33, were lucky to win this edition and are honoured to organize the edition 2023.

We also appreciate the smooth handover and useful advises from Pieter Hadjidakis and Eddo Cammeraat from ECC 2022 Commodore's boat.

The organization started with several tasks in parallel. This allowed OC ECC 2023 to firmly fix a couple of points:

- ECC 2023 will be held in Italy from May 6th to May 12th,
- The fundamentals for May 2023 are set: sun, fun and tasty food ;-)

More details will be specified in the next announcements and bulletins. Stay tuned!

We declare the ECC 2023 entry list is open NOW!

The invitation e-mail was sent to 173 eligible skippers. We will **accept up to 55 boats**. All is based on first-come-first-served.

The eligible skippers have priority in the entry list until **July 23rd**.

The answering eligible skippers will get the information for the registration **payment, which will finally confirm** them in the entry list.

The invitation is also immediately valid to **non-eligible skippers**, but they will be first put on a **waiting list**, until **July 23rd**. From this date the **eligible skippers** who did not yet secure their registration payment, will **lose the priority**.

The **closing date** for the entry list is **not yet defined** but it will be announced at least 3 weeks in advance.

As decided by the commodore meeting last May 12th, the registration is increased to **€ 150 per participant. Minimum 4 per boat (€ 600)**. The entry fee has been increased by consensus of the commodores due to the current sponsorship environment being so difficult and adverse inflationary pressures as well as the need to secure the best possible fleet before all boats are booked by other charterers.

The skipper who received the invitation are kindly requested to reply also if you they do not intend to participate or if they are still unsure.

To pre-register:

reply to the invitation e-mail with:

- Name:

- Boat Number:

- Size of desired boat (S/M/L):

- Total number of crew:

... simple, right? ;-)

Enjoy the summer,

Gilles
