

# ENGINEERING CHALLENGE CUP

## ECC 2023

### Bulletin 02 – July 12<sup>th</sup> 2022

#### ECC 2023 Registration

Dear Skippers,

We hope you are doing well and resisting the heat wave affecting Europe.

A number of you have already sent us their details and are now on the entry list for ECC2023 with priority until July 23rd.

Once in the entry list, you now have to pay the entry fee in order to confirm your registration. Please do it before July 23rd in order to keep your priority and so that we can book for you a good quality boat.

As decided by the commodore meeting last May 12th, the registration is increased to € 150 per participant. Minimum 4 per boat (€ 600). The entry fee has been increased by consensus of the commodores due to the current sponsorship environment being so difficult and adverse inflationary pressures as well as the need to secure the best possible fleet before they are booked by other charterers.

#### Payment details:

account name:	ECC 2023
IBAN:	CH09 8080 8002 6652 7388 9
address:	Via Cassarinetta 2, 6900 Lugano
Bank:	Raiffeisen Schweiz
Bank address:	Raiffeisenplatz 4 , 9001 St. Gallen
n. CB:	80808
SWIFT-BIC:	RAIFCH22XXX

Amount: 150€ x number of participants (crew)

This account is in EURO, thus please pay from your account as well in EURO. Within EU and IBAN organization you can use the SEPA method with the advantage of very low or no fees.

Anyway, if any, please take on your side the transaction fees.

You can inform us by email when you organized the payment so that we can track it and give you feedback well all is ok. Please also fill, sign and send us the "[ECC 2023 Agreement and Disclaimer](#)".

If you cannot organize the payment before July 23, let us know. We will extend your priority some additional days. We will keep you anyway in the entry list until the end of the registration period.

We remind you that ECC 2023 will be held in Italy during May 6-12. We are very close to finalize the location and will communicate about that in the next weeks.

We will have again the great support from Sasha and her team @ highpointyachting ([www.highpointyachting.com](http://www.highpointyachting.com))

In addition to the existing communication channels, ECC 2023 will strengthen its presence on social media. Don't forget to Follow us!
